Between the date of filing of the written complaint pursuant to paragraph 1 of this subsection and the date harvesting or destruction of the allegedly damaged crops or plants occurs, allow the applicator and the representatives of the applicator reasonable access to the property to inspect and take samples of the allegedly damaged crops or plants during reasonable hours. In order to protect the public, the Board may at any time cancel the registration of a product or device. In no event, shall registration of a pesticide or device be considered as a defense or excuse for the commission of any offense prohibited under this section.
